

## LBCA MEMBERSHIP OVERVIEW

The Livestock and Bulk Carriers Association (LBCA) is a customer focused grass roots Association dedicated to improving regional road freight conditions in NSW. We understand the everyday issues that impact livestock and bulk carriers and we fight for the benefits and rights of over 200 regional carriers who use NSW roads.

The LBCA presents a united and powerful voice to Government, and we work hard with other industries and supply chain partners to get a better deal for the rural freight industry. What's more – we keep you informed about what's really going on in the industry and what we're doing for you through our weekly newsletter.

The LBCA holds events and conferences where you get the opportunity to meet and network with other operators, industry experts and suppliers to improve your business and work environment.

Membership is excellent value and joining is easy – just fill in this form and return to the LBCA Secretariat.
